

Ennerdale Stories.

Ennerdale Stories is a series of workshops, which will enable you to play with the idea of story in the Ennerdale Valley by writing, telling, voicing and performing your take on what you see around you.

26th January - Make a Story

Kick start your imagination in the wilderness of Ennerdale. Have fun making up and sharing stories about the peace and beauty of the landscape, from the rawness of the open fells to the pasteurised farmland.

1st March - Tell a Story

Working together and individually we will invent new ways to share our experiences of the valley, by whispering across the settlement ruins or shouting across the expanse of water, from Bowness Knot to Anglers Crag.

12th April - Sing a Story

Come and put your voice to the Ennerdale stories, from a wordless whisper in someones's ear to a rabble choir. Take the opportunity to explore how to use your voice in the outdoors.

Ennerdale Stories is part of the 'Time and Place' arts residency taking place in the valley this year. All workshops will be based at Beckfoot Barn and in the Ennerdale Valley, and will be lead by three artists: Jane Dudman (fine artist), Ian Douglas (story teller) and Steve Lewis (musician).
